ZUWA ENERGY - AWARDED THE TOP RENEWABLE ENERGY PARTNER IN AGRICULTURE

We are incredibly honored that **Zuwa Energy** has been awarded the Top Renewable Energy Partner in Agriculture Award during the National Product Magazine Mid-Year Awards 2026.

This recognition comes as a result of serving rural farmers with affordable energy solutions for their day-to-day use.

The recognition was made during the NPM Mid-Year Awards Gala Night held at BICC in Lilongwe, with Deputy Minister of Industrialization, Business, Trade and Tourism Edgar Tembo gracing the occasion.

The event, held under the theme *Recognizing Excellence in Business, Agricultural Products, Innovation, Agribusiness Supply, Service and Export Growth*, brought together government officials, business leaders, entrepreneurs and industry stakeholders to celebrate achievements that are driving Malawi's economic growth.

The deputy minister in the ministry, Edgar Tembo said by fostering an enabling environment for businesses to thrive, government seeks to attract both domestic and foreign investment thereby increasing industrial growth and diversification.

As Zuwa Energy, this recognition boost and reconfirm with Malawians that we are the affordable solar energy provider, the solar champions in Malawi.
