ZUWA ENERGY SLASHES KWACHA 6 PRICES BY 15% IN SPECIAL AUGUST– SEPTEMBER SALE

LILONGWE, Malawi – Zuwa Energy has announced a 15% price reduction on its popular Kwacha 6 (**6 Bulbs Solar System**) as part of a special promotion running throughout August and September 2026. The price has dropped from **MK508,900** to **MK433,000**, making clean, reliable energy more affordable than ever for Malawian households.

The Kwacha 6 is a portable solar-powered device designed to charge phones and light up 6 rooms/location in the house/building, providing a dependable energy source for families, small businesses and individuals in both urban and rural areas. With this price reduction, Zuwa Energy aims to make solar energy accessible to more households, reducing reliance on expensive and environmentally harmful alternatives.

The Chief Operating Officer, Mr. Winston Ngwira commented that “Solar Energy should not be a luxury: it is a necessity. We understand that many Malawians are feeling the pinch of rising living costs and the ongoing blackouts.” By reducing the price of Kwacha 6, we are making clean energy more affordable for families who need it most. We believe that everyone deserves access to reliable, sustainable power and this promotion is our way of saying we are listening to our customers.

The Kwacha 6 is ideal for households and small businesses looking for a cost-effective way to keep their devices charged. The Special August and September Sale also includes a 2-year warranty on all Kwacha 6 purchases, installation support and after-sales service to ensure customer satisfaction

This promotion is part of Zuwa Energy's broader commitment to making clean, affordable and sustainable energy solutions accessible to all Malawians.
